

# Ms. Nimmo 1<sup>st</sup> and 2<sup>nd</sup> Class

Monday

\*At the start of each day before beginning any work, I think it would be very nice to have a morning reflection with your child(ren). Ask them how they're feeling today, what they're excited about for the day ahead, if they have any worries. Come up with a list (orally) each day of different things we are thankful for.

Say a Morning prayer (optional)

## Maths:

- **Mangahigh:** login to account and work on some of tasks provided.

### English:

- Come up with some -oi words before seeing wordstudy with some fun activities. (Find -oi words in the house, draw -oi words, act out -oi words and get someone else to guess)
- Wordstudy.

### 1<sup>st</sup> class (phonics and trick words)

### 2<sup>nd</sup> Class (final 3 words are "additional" words if anyone wants a challenge)

Coin	noise	joint

- See how many words you know on Monday by writing them out just like we do in school. Read each word aloud and put it into a story/sentence/song orally.
- Write your news in a busy copy (if you made one) or any other notebook/scrapbook/paper. This will become your own personal little diary for your time spent at home. Don't forget RTD 😊

## Gaeilge:

- Comhrá: The boys and girls won't have their Gaeilge copy where they have all the frásaí so I have written out everything we have worked on so far this year (attached below). These will help when having a simple comhrá at home.

vocabulary for puppet conversations.pdf

- I have also attached (above) new vocabulary on Sa Bhaile with the other activities and some irish games which will make learning the new words more interactive.
- To make this more fun, I have included an **art activity** for finger puppets which could be done some day this week. You can use these puppets for your Irish comhrá just like we do each day in school.
- Dán: Attached is a lovely poem about a rainbow. Read a section of the poem each day. Try to learn it and say it together.

## SESE (Geography)

- Go on a nature trail with your family. You could go on a nice Spring Walk or out to the garden with your brothers and sisters. Look for signs of Spring. You could even collect some things from the garden and make your own nature table outside/inside.
- Attached are some links which you could use before (expectations), during or after your trail (reflection). Pick which ever one your prefer or if you would just like to go on the walk without completing an activity, that's fine too.

### **SESE (History):**

Old and New: Discuss the things in your house which are new and old. Is there anything in your house from your grandparents or great-grandparents homes. Is there an old book, photo album, newspaper? If so, look at the paper. How is it the same/different to the paper in your copybook/printers.

- Make old paper.
  - Ask an adult to pour some boiling water over a teabag. While it's cooling, line the table with newspaper or an old table cover.
  - Once the water has cooled, use the teabag as a paintbrush and brush the paper in straight lines, up and down until it is completely stained.
  - Repeat on both sides a few times.
